Planet Coffee Company's Drinking Water Systems reduce or eliminate the following contaminants:

◆ Chlorine and lead	95-99%
◆ Bad tastes and odours	99+%
◆ Dirt, rust and cloudiness	99+%
◆ Cryptosporidium parvum cysts	99+%
◆ Giardia lamblia cysts	99+%
◆ Mold and algae	95-99%
◆ Entamoeba histolytica cysts	99+%
◆ Asbestos fibers	99+%
◆ Oxidized iron, manganese and sulfides	99+%
◆ All particles 1/2 micron and larger in size	99.9%

The NSF Guarantee of Quality

NSF International is the leading independent testing and validation organization which sets the standards for water treatment products. The Water Quality Association has verified that the SCSF-PLUS conforms to NSF Standard 42 and 53.
